"Choose a job you love, and you will never have to work a day in your life."

Confucius

Passion is contagious.

- 90% of submitted papers get rejected
- <10% grant proposals are funded
- <15% of fellowships are successful

Rejection is not failure — it's part of the game. It helps improve the outcomes.

Clinical and biomedical research is political because it affects how societies allocate health resources.

Richard Horton (Editor-in-Chief, The Lancet)

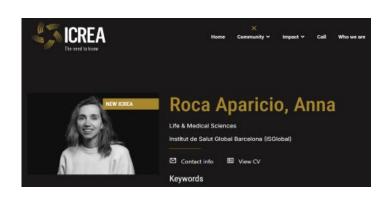

"... I torna al Born "

We're often drawn back to the places and communities that shaped us.

- Inequalities persist...

Some improvements (such as child mortality or life expectancy).

But deep gaps persist

Equity remains an unfinished task.
